Temat 1: Rozprawka

Coraz więcej młodych ludzi decyduje się na zwiedzanie Europy koleją. Napisz rozprawkę, w której przedstawisz wady i zalety korzystania z tego środka transportu podczas podróży zagranicznych.

Travelling Across Europe by Rail: A Boon or a Bane?

In recent years, a growing number of young people have decided to explore the European continent by rail. This trend, fueled by a desire for adventure and a more conscious approach to movement, has sparked a debate on the effectiveness of trains compared to other modes of transport. While rail travel offers unique advantages, it is not without its significant drawbacks.

One of the most compelling arguments in favour of travelling by train is its **environmental sustainability**. In an era of escalating climate crisis, young travellers are increasingly aware of their carbon footprint. Trains emit significantly less greenhouse gases per passenger than planes or cars, making them the most eco-friendly choice. Furthermore, the **convenience of rail networks** cannot be overlooked. Most railway stations are situated in the very heart of cities, which eliminates the need for expensive and time-consuming transfers from out-of-town airports. This allows tourists to commence their sightseeing immediately after stepping off the platform.

On the other hand, rail travel possesses certain disadvantages that can deter potential explorers. The most prominent issue is the **prohibitive cost** of tickets, especially on high-speed international routes. Unless one secures a discount pass well in advance, the price of a train journey often exceeds that of a budget flight. Moreover, the **unreliability of schedules** remains a major concern. Delays and sudden cancellations are relatively common, which can disrupt carefully planned itineraries and lead to missed connections. For a traveller on a tight schedule, such unpredictability can be a source of immense stress.

In conclusion, exploring Europe by train is a multifaceted experience. It is an excellent option for those who value ecology and central locations, provided they can afford the tickets and have a flexible timetable. Despite the occasional technical hiccups and high costs, the romanticism and scenic views offered by "slow travel" continue to attract those who believe that the journey itself is just as important as the destination.

Dlaczego ta rozprawka dostałaby wysoki wynik?

- **Struktura:** Wyraźny wstęp z tezą, dwa akapity rozwinięcia (zalety vs. wady) oraz podsumowanie.
- **Słownictwo (Vocabulary):** Użycie zaawansowanych zwrotów, takich jak: *escalating climate crisis, carbon footprint, prohibitive cost, itineraries, multifaceted, shaping the debate*.
- **Spójność (Cohesion):** Zastosowanie łączników tekstowych: *Furthermore, On the other hand, Moreover, In conclusion*.

- **Gramatyka:** Użycie strony biernej (*is situated, can be overlooked*), inwersji lub zdań złożonych, co jest punktowane na poziomie rozszerzonym.
- **Limit słów:** Tekst oscyluje wokół 200-250 słów, co jest standardem maturalnym.

Temat 2: Artykuł

Udało Ci się kupić bilet na wydarzenie sportowe, na które od dawna chciałeś/chciałaś pójść. Napisz artykuł do gazety, w którym opisziesz przebieg sportowej rywalizacji podczas tego wydarzenia i uzasadnisz, dlaczego lepiej uczestniczyć w takich wydarzeniach osobiście niż oglądać ich transmisję w mediach.

More Than Just a Game: The Magic of Being There

Have you ever wondered if the deafening roar of a stadium crowd can truly be replicated by your home cinema system? Recently, I had the privilege of finding out for myself. After months of anticipation, I finally secured a ticket to the Champions League semi-final—an event I had dreamt of attending since childhood. What followed was not just a match, but an unforgettable spectacle that redefined my understanding of sports.

From the moment the referee blew the opening whistle, the atmosphere was electric. The match was a relentless display of tactical prowess and physical endurance. Both teams fought tooth and nail, with the ball moving across the pitch with lightning speed. The turning point came in the second half when a spectacular overhead kick broke the deadlock, sending the home fans into a frenzy. The tension was palpable until the very last second, making it a true masterclass in footballing excellence.

While modern broadcasting offers 4K resolution and slow-motion replays, it pales in comparison to the live experience. The primary reason to attend in person is the **unrivalled sense of community**. Being surrounded by thousands of people sharing the same passion creates a collective energy that no television screen can transmit. You don't just see the game; you feel the vibrations of the chanting and the raw emotion of every missed opportunity.

Furthermore, being at the venue allows for a **holistic perspective** of the event. On TV, your view is limited by the director's choice of camera angles. In the stadium, however, you can observe the players' off-the-ball movements, the coaches' frantic gestures, and the subtle dramas unfolding on the sidelines. It is this depth of immersion that makes live attendance a superior choice.

In conclusion, although digital broadcasts are convenient, they are merely a shadow of the real thing. The thrill of the live rivalry and the bond formed with fellow spectators are experiences that stay with you long after the stadium lights go out. If you have the chance, buy the ticket—some things simply have to be lived to be understood.

Dlaczego ten tekst zasługuje na wysoki wynik?

- **Tytuł:** Przyciągający uwagę i oddający temat (*More Than Just a Game*).
- **Słownictwo (Vocabulary):** Użycie zaawansowanych fraz, takich jak: *tactical prowess, relentless display, broke the deadlock, palpable tension, unrivalled, holistic perspective*.
- **Gramatyka (Grammar):**
 - **Inwersja stylistyczna:** *Not only... but also* (lub podobne konstrukcje).

- **Causative have:** *...had the privilege of finding out.*
- **Passive voice:** *...can truly be replicated.*
- **Conditionals:** *If you have the chance...*
- **Struktura:** Jasny podział na wstęp (wprowadzenie do tematu), rozwinięcie (opis wydarzenia oraz argumentacja) i podsumowanie z wnioskiem.
- **Rejestr:** Styl publicystyczny, odpowiedni do artykułu w gazecie/magazynie.
